

DRIVE BACK THE FOE IN NEW ATTACK

ALLIES TAKE NEW BRACE AND BEGIN COUNTER-ATTACKS ON THE HUNS' ADVANCE LINES.

HEAVY ARTILLERY DUEL

Many Gains Are Reported on Various Portions of the Fighting Front by Dispatches Today.

Paris, May 19.—The official statement claims that the artillery fire on both sides was active north of the Zandre and that French patrol parties were active and captured many prisoners. Heavy attacks in the Argonne region were broken up by allied power.

Prisoners Taken.
London, May 19.—The German artillery developed increased activity last night between Albert and the Somme, the war office announces. "We captured a few prisoners as a result of a successful raid carried out in the Albert sector. A raid attempted by the enemy was repulsed with heavy losses. The hostile artillery activity increased last night."

Americans Active.
British Army in France.—Parts of northern France have become within a short time thickly populated with American fighting troops and great American training camps and depots are springing up where only two months ago there was nothing but British troops.

Enemy Repulsed.
Vienna.—The official statement from the Austro-Hungarian general headquarters reports that reciprocal fighting has taken place in the Argonne region. The enemy was repulsed with heavy loss.

Germans Waiting.
The Germans are apparently waiting for the return of the offensive spirit among some of its best divisions before beginning a new attack. A number of their units lost considerable of its portion at Flanders and despite the fact that they have been instantly filled the impression of the order are still retained. Most of the shattered divisions have only enjoyed three weeks' rest since, which experience has demonstrated is not sufficient.

May Extend Line.
The German command knows perfectly well and is holding back as long as possible before attacking. It seems probable that when the Germans commence fighting they will extend their line north and east.

The allies, however, are well prepared for the battle and the Americans are working in the greatest harmony and the most complete understanding reigns among the officers and men.

Two hostile airplanes have been brought down by American aviators, says the official statement issued from American headquarters this evening.

WAITING ATTACK.—From Tynes to the line the allied armies are waiting for the resumption of the German offensive. The waiting was begun two months ago. Good weather prevails along the front in Flanders, but the enemy has shown no disposition to resume the attack.

NO NEED REST.—Lack of fighting confidence in the men of the divisions of the German army is believed to be holding back the offensive. Most of the units were severely shattered during the last attack and it is thought that they need more rest before they can renew operations.

Indications are that the Germans may extend the front further west, but the line is being held. It is also thought that they may strike south of Amiens.

AUSTRALIANS ACTIVE.—Meanwhile the British in a successful attack on the line of the German army have taken 300 prisoners. On the line front between Somme and Reims the British have carried out minor raids.

AMERICANS REPULSED.—There is increased local fighting on the Italian front. Austro-Hungarian troops have attempted to attack the Italian line, but have been driven back. In the valley on the same zone the Italians carried out a successful raid and captured prisoners.

ARTILLERY ACTIVE.—Reports may be attributed to the fact that the official statements are now carrying announcements of heavy artillery firing on the sector between Arras and Albert, which comprises the northern continuation of the main battle front. London today also announces a considerable increase in German artillery activity between Albert and Bucquoy, ten miles front, covering about half the distance between Albert and Arras. Similarly the German official statement reports the British guns busy along the entire Albert-Arras front where German aviators were subjected to violent fire.

ATTACK EXPECTED.—It is along this line many military experts are predicting the expected German blow will be struck. What is known as the Arras salient, which projects from the British line between the German salient of the Somme, and is situated in the way of a further German advance toward the coast or the Franco-British line of communication. By cutting these lines the enemy apparently hopes to divide the two armies. The reduction of the Arras salient by a mighty blow would carry the Germans far toward Douens, fifteen miles north of Amiens, and about thirteen miles west of the present fighting line.

Artillery Brigade Left Madison Today After Day Of Rest

Madison, May 20.—Led by a detachment of engineers, closely followed by Colonel Philip Ward, commander of the division, and his staff, the 151st field artillery which has been training at Camp Grant, Rockford, Illinois, left Madison today on their cross-country trip to Camp Robinson, Sparta, Wisconsin. The detachment, which arrived here late Saturday, is composed of between 5,000 and 6,000 men. The soldiers were entertained at the capital on Sunday and broke camp early Monday and will arrive tonight at Token Creek, 13 miles out of this city. The detachment has been moving at the rate of from 13 to 16 miles daily.

FORCES ON ITALIAN FRONT ARE IN BEST OF FIGHTING TRIM

Headquarters Italian Army, May 20.—The Italian and allied forces on the mountain front are in the best of condition. The winter months have been utilized in strengthening the defenses and reinforcing lines of works until the whole region is interlaced with powerful systems of defense and attack. There are vast stores of guns and ammunition, and the spirit of the men is one of confidence and eagerness for an approaching conflict in the mountain regions.

Gen. Plummer, commander of the British forces, recently announced their establishment in new position in the mountain sector around Asiago, and Gen. Blunt, commander of the French forces in that mountain region. The French, too, who made their brilliant attack in Mount Tomba, are also in this mountain region.

TURKS HAVE RESUMED FIGHT ALL ALONG FRONT

London, May 20.—The Turks have resumed the offensive all along the Caucasian front and occupied Van says a dispatch from Tiflis dated May 12. Another Armenian massacre has begun. The negotiations between the Armenian and the Ottoman government have been broken off on account of exorbitant demands of the Turks.

STRAY MEXICAN SHOT KILLS U. S. SERGEANT

McAllen, Texas, May 20.—Sergeant Herbert Ulrich of Kawarville, Mich., was killed by a shot fired from across the Mexican line near Hidalgo today. Four Mexicans were killed in the return fire.

NEBRASKA SWEEP BY TORNADO SATURDAY; TWELVE ARE KILLED

Omaha, May 20.—Twelve persons were killed, mostly children, and twenty-five injured, some dangerously, is the toll of the tornado that struck this portion of Nebraska Saturday night. Major details, due to the condition of wires, show the storm left scores of demolished houses, barns and other buildings in its wake. As feared later details will swell the death list.

Damage in Duluth.
Duluth, Minn., May 20.—A cloud-burst and hail storm caused losses in Duluth last night. Freshets swept away numerous outbuildings while wind and hail damaged numerous windows. Parts of streets were washed out. During the electric disturbance, Jerome Shannin, operator at the naval radio station, was rendered unconscious by lightning. The radio station was struck four times and the operator vacated it.

MUSKOGEE LAKE TO BE SHIP BUILDING CENTER

Muskegon, Mich., May 20.—Muskegon Lake is to enter the lists as a contender for shipbuilding honors. Announcement has been made that a site with an extensive waterfront has been purchased and that a shipyard will be built there.

U. S. PENSIONERS WILL HAVE ALLOWANCES CUT

Washington, May 20.—United States pensioners living in Germany and Austria who have been driven from their homes by the German government by reason of their services in the civil war or for other reasons, have had their allowances cut off by reason of their residence in enemy territory. Payment of pensions will not be resumed until peace is declared, congress has been told, although allowances are sent regularly to those residing in the countries allied against Germany and Austria or in neutral lands.

A report submitted to congress shows that in the local war zone, where 20,127 were 371 Americans residing in Germany entitled to pensions under the laws of this country, and that in Austria-Hungary there were twenty-seven American pensioners. These facts were discussed in the house recently when a bill increasing the pension of civil war veterans to a minimum of \$25 a month was under consideration.

Veterans of the civil and Spanish wars were entitled to pensions from the United States living in all parts of the world, and a bill was introduced in congress to exclude pension privileges to all except those living in the United States or its possessions. Residences of foreign pensioners include Algeria, the Balkans, Barbary, Borneo, Cape Verde Islands, China, Comoro Islands, Egypt, East Africa, India, Isle of Pines, Liberia, Mexico, Russia, Samoa, Serbia, Seychelles Islands, Siam, Tonga Islands, European and Asiatic Turkey.

All pensioners residing in those places and a score of other foreign lands are receiving pensions regularly, the report to congress shows, and would receive the benefits of the increases proposed in the new law, while those in Germany any Austria are excluded.

The total number of pensions residing in foreign countries, including Germany and Austria-Hungary, is 4,085, and the total amount paid them in the last fiscal year amounted to \$29,767.69, the report to congress shows.

German Airplanes Fall In Night Air Attack On London

London, May 20.—A calm summer's night tempted the Germans to try last night their first air raid on London since March 7th, and four of the raiders fell before the defenses of London. The moon was shining brightly when the raiders crossed the southeast point and headed for the metropolis. The usual warnings were given promptly and the people had reached the shelter before the first gun in the neighborhood of London were heard. The firing was almost continuous for more than two hours and was severe. Several bombs were dropped by the raiders. The number of enemy aircraft is not known but they seem to have been more numerous than usual.

AMERICAN AVIATOR KILLED IN BATTLE

With the American Army in France May 20.—Major Roger Lushberg of the American Flying corps was killed in an aerial battle yesterday. He will announce tomorrow a full military honors, with French and British men attending with the Americans.

The German machine which brought Lushberg down, which was shot down by two American planes, an operator for each piece, apparently escaped. Lushberg's only wound, aside from those received when he crashed to earth, was a bullet hole through the thumb. Apparently the same bullet punctured one of the gasoline tanks of his machine. The German machine was under heavy fire from the American planes before and after the air fight and one explosion upset the enemy plane, but it managed to straighten out again.

It was about 10 o'clock this morning when the German plane descended from the clouds, apparently because of engine trouble, until it was only some 1500 meters over the city of Toul. The American fighters, on the alert and some of them headed for the fighting line to await the enemy on his return. Lushberg and the pilot of another machine made a dash for the German plane, which was away from the direction of the line, the two American machines following him. Eight miles away from the enemy line Lushberg was seen to attack from under the tail, but then he dove off as if his machine gun had jammed. Two minutes later he attacked again from the same position and almost immediately his machine burst into flames.

Lieutenant Douglas Campbell today gained his second aerial victory on the Toul sector when he shot down in flames an enemy biplane containing two officers. Returning from a trip over Germany at a height of 4500 meters the lieutenant met a German photographic biplane going home. He fired until the machine was on fire, the tail of the German machine and then opened fire. The German machine burst into flames and fell inside the German line southeast of Toul. The American pilot this afternoon shot down an enemy plane back of the Lunville sector. Two men from the plane were captured by the Americans. The German machine was shot down from the rear. It is reported, although not confirmed, that this was the machine which brought down Major Lushberg. There has been extraordinary aerial activity all day in the Toul sector.

RED CROSS CAMPAIGN WAS LAUNCHED TODAY

Washington, May 20.—The American Red Cross, the nation's official agency for relief work, launched today its second drive for a \$100,000,000 war fund.

With its appeal for subscriptions sanctioned and endorsed by President Wilson, the Red Cross campaign, headed by Admiral Sims, Cardinal Gibbons and other prominent Americans, the Red Cross has set in motion its vast machinery of 20,000,000 members in a campaign of one week to obtain funds necessary for the maintenance and expansion of a great system of relief work overseas and at home.

Emphasizing that the war council has faithfully and economically administered the people's trust, President Wilson, in his recent proclamation announcing the drive, pointed out that the war fund raised in 1917 needed replenishment in order to care for the welfare of the men in our military and naval forces, and those dependent upon them, and for the most urgent necessities of our allies, military and civilian, who have long borne the brunt of the war.

Contributions to the war fund are declared by the president as "the discovery of new opportunities and helpfulness under conditions which translate opportunity into duty."

Last year's fund was raised and the campaign to triple the membership went over the top with a rush, so national officials of the organization now maintain a justifiable confidence in the willingness of the American people to respond again to the plea for subscriptions.

A recapitulation of the expenditures made from last year's war fund shows that \$120,836,102 was expended in France; \$2,085,131 in Belgium; \$4,588,826 in Italy; \$2,208,908 in Russia; \$2,676,358 in Rumania; \$34,580 in Serbia; \$3,260,230 in Great Britain; \$4,476,000 for other foreign relief work; and \$9,723,123 for American needs overseas and at home.

DRAFTED MAN APPEALS TO THE SUPREME COURT

Washington, May 20.—Alleging his claims for deferred classification in the draft have been ignored, George O. Kitzrow, 1733 Port Washington avenue, Milwaukee, in original proceedings instituted today, asked the supreme court to direct the district court for eastern Wisconsin to review his case. Kitzrow claimed invalidity of his draft cases have been appealed, but this is the first of its kind to reach the supreme court.

New Developments In Lusk Trial; "That's A Lie", Cries Father

Waukesha, May 20.—"That is a lie!" cried A. B. Lusk, aged father of the defendant, halting the testimony of Dr. David Roberts, appearing as a witness against Grace Lusk at her trial for slaying Mrs. Mary Newman Roberts today.

The outbreak, which was similar to that of his daughter last week, came while Dr. Roberts was telling of meeting Miss Lusk on a suburban train bound for Milwaukee. He said she was accompanied by her father and before they reached Milwaukee she gave him a note asking him to meet her at a hotel at 5 o'clock. When he met her at the hotel, he said, he asked her what she had done with her father. She replied she had bought him a hat and sent him back to Waukesha. The witness he had then said to her that that was no way to treat her father, and he would not take her to dinner. She replied, according to the witness, "Well, if you don't come one else will," and named a married man in Milwaukee.

When Dr. David Roberts resumed the stand in the Lusk trial, he was asked by the attorney for the state to go over the details of his meeting in Chicago with Miss Lusk. He admitted registering at a Chicago hotel with Miss Lusk as man and wife in 1917.

Q.—"Who paid the hotel bill?" Attorney Lockney demanded.

A.—"I did."

Q.—"Do you remember any discussion or thing which happened at this meeting?"

A.—"If you will ask a pointed question I will answer it whether I wish to or not."

Attorney Lockney declared he was satisfied with that answer for the present.

Q.—"Did you pay her railway fare?"

A.—"I may have."

Q.—"Did you ever pay her fare?"

A.—"I often paid her fare between Chicago and Milwaukee. I do not remember ever paying her fare between Waukesha and Chicago."

Q.—"Did you ever give her money to reimburse her for the purchase of her fare from Milwaukee to Chicago?"

A.—"I gave her money, but it was to do with what she pleased."

Q.—"Did you not tell her the money was for her railway fare?"

A.—"I do not remember that I did."

Doctor Roberts then asked the two men who were with him at the hotel, he stated that he believed that they registered as Mr. and Mrs. Dan Roberts. After this meeting he had telephone conversations with Miss Lusk, until she again asked him to go to Chicago. He refused and she threatened him so he thought it better to go.

Q.—"When I met her in Chicago," he said, "I ordered two rooms."

Q.—"You know what that means," she said.

Q.—"Who paid the hotel bills?" he was asked. "I did," he replied.

Q.—"Did you give her any money?" he was then asked. "I gave her money every time we met," he replied.

CREAMERIES READY TO COMPLY WITH NEW LAW

Madison, Wis., May 20.—The State Department of Agriculture is rapidly pushing forward the project for the pasteurization of all of the state's cream and creamery products throughout the state. This is in conformity with the law passed by the last legislature requiring the Department of Agriculture to institute the project.

Commissioner C. P. Norgard has recently addressed a number of creamery and cheese factory associations on the subject of the law. He stated that practically all of the creameries and cheese factories are rapidly making ready to comply with the law on June 1st, the date on which it is to be put into operation.

The Department of Agriculture will be aided in the enforcement of this law by the inspectors of the Dairy and Food Commission, who are now making a tour of the state during the year. Through this project the dairy industry of the state of Wisconsin will take a long step in the direction of bettering its health and safety.

A large part of the \$1,700,000 loss from tubercular hogs will be saved by this movement and the spread of tuberculosis as well as contagious abortion and other diseases of the pig will be prevented as the carcasses of all these diseases in the pastured hogs will be destroyed.

WOULD INTERN CATHOLIC PRIEST AS PRO-GERMAN

Chicago, May 20.—A warrant for the internment of a Roman Catholic priest of this district, has been asked by Charles Cline, Mr. Cline stated that "Pro-Germanism" was the reason for the asking of the warrant. He also stated that the priest was under investigation prior to his coming to Chicago.

ATHLETICS TAKE SHORT END OF 11 TO 6 SCORE

The Romans won their fifth straight game yesterday afternoon when they defeated the Athletics at Riverview Park by the score of 11 to 6. Dawlatch for the winners, struck out nine men and allowed only seven hits. Raubacher pitched for the Athletics, but was knocked out of the box in the eighth.

HALT UNREST IN IRELAND BY ARRESTS

WITH ARREST OF SIX SINN FEINERS DEMONSTRATIONS HAVE CEASED IN DUBLIN AND OTHER PARTS.

MOVEMENT TO GO ON

Reply to Proclamation of Government is Issued by Head of Sinn Feiners —Will Remain Calm and Confident.

London, May 20.—No fresh development in the Sinn Fein affair has been reported. Few news telegrams are arriving from Dublin, but they report everything quiet, at least outwardly.

With the arrest of Count Plunkett, four of the six Sinn Fein members are in custody. The other two are Dr. McCann, who is in Washington, and Maurice Grinnell, who is serving a six months' sentence in Mount Joy prison. Among others under arrest are Charles Cowlin and Christopher Mullins, who are charged with the unlawful possession of explosives at Brittas, and Fearad O'Hourihane and James O'Brien, editor and manager of the Skipper's Southern Star.

Remain Calm.
Vice-president Morris and remaining heads of the Sinn Fein organization have issued a reply to the proclamation of the British government, published Sunday. It says that in anticipating such action the standing committee of the Sinn Fein would have anticipated the British action and what must be made temporary exile of our leaders. The country must be assured that no matter how many leaders may be arrested there will be men and women to take their places. All we need is to continue to follow the last advice of Prof. P. J. Veale, to remain calm and confident.

PUBLIC HEARINGS WILL BE HELD IN MILWAUKEE

Madison, Wis., May 20.—The Industrial Commission today announced two public hearings to be held in the City Attorney's office in the city hall, Milwaukee, on May 28 and 29, upon the length of the meal period for women. An order has been proposed by the Industrial Commission which provides that in Milwaukee manufacturing plants where a room conveniently located has been acquired for the use of a lunch room, the lunch period may be 45 minutes. In restaurants throughout the state, the proposed order provides that the meal period may be 45 minutes. In all other places of employment to which the women's law applies, the law provides that at least one hour, during each day or night must be allowed for dinner or other meals.

The statutory meal period in this state is now one hour for all women employees. It is especially provided in the law, however, that the Industrial Commission may, after investigation, adopt general rules or special orders modifying the statutory rule; hence a number of employers have been heretofore granted permission for a meal period of less than an hour. Still, the shortened meal period without consulting the Industrial Commission. The situation in the state as regards the meal period for women is thus a hodgepodge of laws, and it is thought that the Industrial Commission will adopt some general rule upon this subject which can be enforced uniformly and without discrimination. The commission invites all persons interested to express their views upon this subject.

The hearing announced for May 28th is for manufacturing and laundry and all other places of employment to which the women's law applies, other than restaurants. On May 29th the application of the proposed order to restaurants will be considered.

LIST REPORTS SEVEN KILLED IN ACTION

Boston, May 20.—Col. Theodore Roosevelt arrived here today to speak at a big patriotic mass meeting in Mechanics Building tonight on "Americanism and Preparedness."

The meeting is under the joint auspices of the Boston chamber of commerce and the Pilgrim Publicity association.

Col. Roosevelt while in town today saw for the second time his latest grandchild, the son of Mr. and Mrs. Achille Roosevelt.

DIVING SHELL IS LATEST MEANS TO FIGHT THE U-BOAT

U-boat caught in a deadly underwater barrage of Italian diving torpedo shells. One of the newest weapons devised to fight the U-boat is a hybrid mortar designed to hurl shell-like depth bombs for a distance of a mile or so. This weapon is capable of planting rapidly a series of bombs in the immediate neighborhood of the lurking enemy without danger to the attacking steamship. The moment the periscope of a U-boat is discovered a mile or so off the attack can be begun.

FIRST DAY OF DRIVE PROVES SUCCESSFUL

INTENSIVE CAMPAIGN FOR MEMBERSHIP TO NEW CHAMBER OF COMMERCE STARTED IN JANESVILLE.

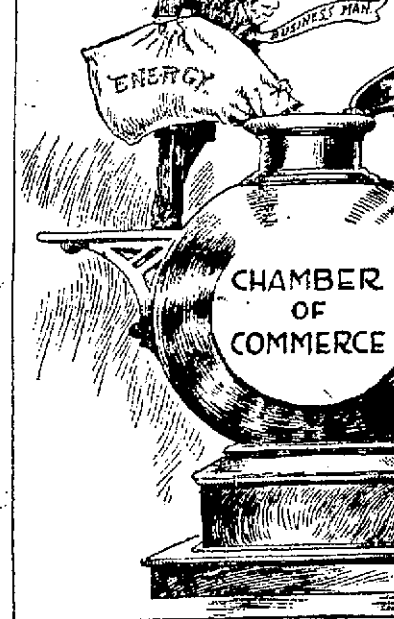

HOLD NOON LUNCHEON

Member of American City Bureau Gives Interesting Talk to Workers at Myers Hotel This Noon.

This morning the mail of many men who are expected to join the Chamber of Commerce, contained a letter signed by A. J. Gibbons, chairman of the advisory committee, which sets forth the reasons why it is felt that they should join the new organization. Co-operation and teamwork on the part of all who live in Janesville for the good of all who live in Janesville is the keynote of the letter.

The live, progressive men of the city are building an efficient, up-to-the-minute Chamber of Commerce. This new organization will be an instrument for the advancement of all our civic, commercial and industrial activities. It will be the leader of the "Progress for Janesville" and we want it to be YOUR organization and have it reflect your ideals and your pride in your city.

You and I know the value of leadership and the need of it. If Janesville is to hold her own in the race for supremacy, this new Chamber

of Commerce will be the force to carry forward the new awakening civic spirit. It will be the voice for that which will advertise and sell our community; and by its initiative and its support of all things that tend to community advancement, will be the factor in the future growth and development of the city. Action of this kind means your personal welfare and the future of Janesville. We feel sure that you will be glad to give your support to this important work.

"Janesville needs YOU. She needs your ideas and your co-operation. Give expression to these through the Chamber of Commerce. Some of our ambitions are set forth in the pamphlet which we are enclosing. Take the next few minutes to read it through; then let us have YOUR ideas."

"Some day this week a number of your fellow citizens will call on you. They are busy business men, like yourself. They are devoting their time and energy for the creating of a modern chamber of commerce. Evidently they must feel that their message is vitally important to you, or they would remain at their own work. THEY know that several hundred men, working together, can accomplish practically anything for Janesville, and they want you to be one of them."

In preparation for the intensive membership campaign which opened this morning and continues throughout the week an advisory committee has been chosen which contains the following names:

Andrew J. Gibbons, chairman; David Atwood, W. B. Atwood, F. S. Baines, C. R. Benmore, A. H. Benmore, C. Beck, J. A. Blackman, W. H. Bledgett, C. C. Bostwick, B. Bostwick, J. G. Bridges, L. E. MAKES CORRECTION IN EARLIER REPORT

President Daland of Milton College Sends Statement to the Gazette For Publication.

With the sudden disappearance of the German text books from the Milton Junction high school last week, the staff correspondents writing the story was informed that President Daland of Milton college had rendered the German national hymn at the school in a lecture on misanthropic communication in which he denies the statement and it is published below. There was no intention to misrepresent President Daland, and the copy was merely misinformed.

It would be interesting however, in view of the discussion on the study of German in the schools these days, to have an opinion on the subject published in the Gazette would be glad to publish it. The following is the statement:

May 18th, 1918.

To the Editor of the Janesville Gazette.

Dear Sir:

When I read the Gazette of last evening I was amazed and astounded

to see what was there printed in a report by your staff correspondent concerning the singing of the German national hymn at the Milton Junction high school.

I cannot tell anything about the accuracy of the report, but the article, which was published in the Gazette, was wholly false and misleading.

I did not sing the German hymn. In a part of my address I spoke of the similarity existing among the German and national anthems, and in that connection I expressly and explicitly stated that I should not sing the German hymn.

Because we are at war with Germany and to sing it would be inappropriate. I did, however, sing the German national hymn, and I did so in a very proper manner.

Moreover, I had the map of the United States and the Star Spangled Banner. At the close of my address we all sang together all the verses of the "Country 'Tis of Thee." The German piece was not sung.

The only songs I sang were Scotch, English and French. Perhaps your correspondent's information was not able to distinguish the difference between my attempt to render the German hymn and the Star Spangled Banner. At the close of my address we all sang together all the verses of the "Country 'Tis of Thee." The German piece was not sung.

Citizens of the village were nervous on Friday night over the ugly appearance of the clouds during the heavy shower that passed over this section of the county between four and five o'clock. While there was a very severe wind blowing, no damage has been reported.

In spite of the rainy evening there was a good attendance at the meeting of the Young People's society of the Lutheran church Friday evening. The program was greatly enjoyed by all present.

Embach of Monroe, transacted business in the village for a short time on Saturday morning.

OPENING OF BAKERIES NOT FAVORED BY U. S.

With regard to baking licenses, the baking division is particularly anxious not to have new bakeries starting up owing to the great shortage of wheat. The baking division of the United States food administration has submitted the following paragraph which may be of assistance in communicating with applicants for bakers' licenses, or in discussing the matter with them.

The supply of wheat in the United States is very low. Every available pound must be sent to Europe. The people of the United States have been asked to reduce their consumption of wheat by at least one-half, and those who are able to do so, to go without entirely until the next harvest. The bakers of the United States have been asked not to increase their production of bread until the wheat supply has responded to these requests. To permit new bakeries to open or to cater to increased business would be decidedly unfair to the baker who has pledged himself not to increase his

LAST GAMES TO BE ROLLED THIS WEEK

Methodists to Bowl Three Teams Before They Line Up For Final Pin-Contest With Lutherans.

This week the Methodists to the finals for the game between Methodist and Lutheran. The Lutheran players will be played by the Methodists are ready to play the St. Paul Lutheran players. They will have to roll nine games, three with the Lutherans, three with the Methodists and three with the Episcopalians and win all, which is quite probable as these three teams are the weakest in the church league. Much speculation is being done as to who will win the two out of the three games when the two strongest teams in the league meet for the final duel.

The Methodists will probably line up with Nick Bonington, Nichols, Kennerly and Nelson although Nichols, the strongest man on the team, will probably be in the St. Paul Lutheran line up. The St. Paul Lutheran team will undoubtedly line up with the usual aggregation of "Iron men," Knudsen, Dobratz, Ward, Manthorpe and Hill. Taking top games as a criterion the next roll will be between one and one and a half team will know who will win until the last ball is shot down the alley.

Tonight the Methodists will play for the first time, the Episcopalians.

GREAT LAKES JACKIES FALL BEFORE FAIRIES BY SCORE OF 6 TO 1

With the prospects of seeing a good ball game in sight, many baseball fans from the city went to Beloit yesterday afternoon to see the Fairies defeat the Great Lakes Jackies game. Although the Jackies were defeated by a score of 6 to 1 the game was full of features, the hard hitting of Clarence Kennedy and Breton being of special note.

They, well known in this city as a backball as well as a baseball player, was on the mound for the Fairies and pitched a fine game, allowing but one hit in the last three or four innings, when he began to waver. Strong armout, however, kept the Jackies from mounting more than one run.

Breton had a busy day, getting a three base hit and two singles in four trips to the plate and counting three runs. Kennedy knocked out a home run in the fourth game, making the third run, a fair game. The Jackies used three pitchers in an effort to stop the opponents' sluggers, who counted for 6 runs.

In the Saturday game, with Zagal pitching, the Fairies won by the score of 6 to 1.

The score of the Sunday game follows:

Dinner Stories

The foreman of a construction gang was walking along his section of the railway one day when he came upon the shade of a fence. Eying the man with a stern smile he said: "Slape on, ye idle spalpeen, slape on! So long as ye slape ye've got a job; but when ye wake up ye're out of wurrik!"

Little Gladys—Will I go to heaven when I die, mummie?

Mummie—Yes, darling, if you are a good little girl.

Little Gladys—And will you go to heaven, mummie?

Mummie—Yes, dear.

Little Gladys—And will papa go to heaven?

Mummie (with slight hesitancy)—I think so, dearie.

Little Gladys—And will Charlie Chaplin go to heaven when he dies?

Mummie (after a long pause)—Oh, I suppose so.

Little Gladys (with joyous fervor)—Oh, mummie, won't God laugh!

A clerk was sent to call on Mr. C—, the meanest rich man in the town, to try to induce him to purchase a burial lot in the new cemetery.

"Half an hour he was back again. "Couldn't get him?" asked the manager.

"No," said the clerk. "He admitted the plot was fine once, but he said if he bought one he might not get the value of his money in the end."

"Why?" asked the manager.

"There's no fear the man will die some day, won't he?"

"Yes," said the clerk; "but he says he might be lost at sea."

DELAVAN

Delavan, May 18.—Mrs. Wm. Rutledge and two children of Janeville are guests of Mrs. Lottie Fidler.

The sad news was received here on Friday of the death in Chicago of Mrs. L. Nichols, who will be remembered in this city as Miss Neva Talcott, having spent some time here.

Two or three years ago, Mrs. Nichols underwent an operation for goitre at a Chicago hospital and died during the ordeal. Her death was entirely unexpected by her family and friends.

She leaves besides her husband, a child one year old. Her body was brought to Sharon, her former home, for burial.

Mrs. John Tilt and son left yesterday for Milwaukee with her mother, Mrs. Miller, to be gone for ten days.

H. E. Beaneley is painting the Frank Wollerman house and barn located on Walworth avenue.

Mrs. Della Wright has rented her house on the corner of Second and Geneva streets to Allen's Grove park.
